# the 2010 **HOT** 100

100 Top Demand Resorts for Timeshare Resales and  
Timeshare Rentals

While 2009 hotel occupancy rates dipped to roughly 60 percent, timeshare resorts reported much stronger numbers, with an overall occupancy rate of 80 percent and many timeshare resorts reporting greater than 90 percent occupancy\*.

#### *Why the disparity?*

Because timeshares and timeshare rentals, especially in the resale marketplace, consistently offer the **best deals** in affordable vacations. Timeshare owners lock in the price of vacation accommodations for as long as they own their timeshare. Vacationers who choose timeshare rentals enjoy amenity-laden resorts, spacious accommodations, and prices that can only be described as **incredible**.
